

ANNOUNCEMENT

Date: 11/27/23
Subject: Certificates of Conformity

Mueller Refrigeration is committed to environmental responsibility and is proud to announce that we will exclusively offer electronic Certificates of Conformity (eCoCs) going forward. This decision aligns with our formal ISO 14001 certification, and a commitment to reducing paper waste. By eliminating paper CoCs, we can conserve resources and further minimize environmental impact.

Please note that paper copies of CoCs will no longer be sent. Customers will receive their eCoCs via email at the time of order fulfillment.

Please contact your Mueller Sales Representative if you require further information.
