

ENGINEERING CHANGE NOTICE

Date: 12/6/2023
Subject: Packed Line Valve Change Notification

In response to evolving market demands, Mueller Refrigeration is announcing that select angle valves will be packaged with two additional O-rings to ensure replacements are readily available for installations requiring repeated assembly and disassembly of the valve's internal components.

Valves included in the change include the following:

Packed Angle Valves, Solder to Flare

<u>900 psi Valves</u>	<u>140 bar Valves</u>
AV1H-RA22B	AV1X-RA23B
AV1H-RA22E	
AV1H-SB23C	AV1X-SB26B

Transducer Valves, NPTFI x ODS

<u>900 psi Valves</u>	<u>140 bar Valves</u>
AV3H-NK25J	AV3X-NK27H

Please contact your Mueller Sales Representative if you require further information.
