

### Certifications:

Conforms to ASME Section VIII, Division 1 and The National Board of Boiler and Pressure Vessel Inspectors, Certificate Number 16,564.

Conforms to Pressure Equipment Directive 2014/68/EU. CE Certification Number 69517, BSI Product Services Notified Body Number 2797.

Canadian Registration Number OG0314.9C.

### Certification Documentation Levels:

**Level 1 Certificate:** A Certificate of Conformance can be provided based on customer request at the time of order placement, or after customer receipt of product. Information necessary to provide a Certificate of Conformance includes: customer name, purchase order number, manufacturing part number, quantity shipped and date of shipment.

**Level 2 Certificate:** A Certificate of Conformance on a UV-1 Form can be provided based on customer request at the time of order placement, or after customer receipt of product. Information necessary to provide a Certificate of Conformance includes: customer name, purchase order number, manufacturing part number, quantity shipped and date of shipment.

**Level 3 Certificate:** A Certificate of Conformance can be provided based on customer request at the time of order placement. A serialized certificate can be provided to document the pressure setting of each valve at the point of production.

### Part Numbers:

Part numbers indicate style and size of relief valve only. Customers must specify pressure setting when ordering.

Standard pressure settings are available from 70 to 700 psig.

Examples of part numbers using the A 15502 relief valve:

#### Part Number

A 15512-150  
A 15512-200  
A 15512-250  
A 15512-275  
A 15512-550  
A 15512-675  
A 15512-700
